CORRECTIONS.

In page 20, first line, figures 49 are intended for \$49 in second column. Same page, fifth line from top, \$2 50, should be in the second column. Same page, "paid Police Officers of 1830," \$20 should be in second column. Page 72, "balance Mar. 24, 1832," should be 1831.

REPORT

OF THE COMMITTEE

ON THE SUBJECT OF

The Town Debt,

WITH AN

ESTIMATE OF THE AMOUNT

NECESSARY TO BE RAISED

FOR THE EXPENSES OF

THE CURRENT YEAR.

APRIL 14, 1832.

REPORT

OF THE

COMMISSIONERS OF THE

LAND OFFICE

FOR THE YEAR 1871

Report.

The Committee to whom were referred the accounts of the Selectmen, Overseers of the Poor and School Committee, with instructions "to cause the same to be printed in detail, with a full account of the debts of the town" and who were directed to present, at the adjournment of the annual town meeting "an estimate of such sum or sums of money as may be necessary to raise to defray the expenses of the town, the current year," having attended to the duty assigned them, ask leave to present their report.

In obedience to their instructions, they have "caused to be printed," the accounts referred to them, "*in detail*," which, with this report, are distributed to the citizens of the town. They regret, the time, in which these accounts were to be prepared for publication was so short, as to prevent that attention to the form and manner, which they would have been pleased to give. They hope however, if not printed with perfect accuracy, the accounts will be found sufficiently correct, to enable all who are desirous of knowing for what their money has been expended, to form their opinion of the propriety of the expenditures, without any remarks or explanation from the committee.

The committee have also ordered to be printed, with these accounts, a schedule of the sums of money which the town have assessed from the year 1825 to 1831, (inclusive,) exhibiting for what purposes the assessments were made.

and also the expenditures for the same period, showing for what purposes these sums have been expended. This, they deemed necessary for the right understanding of the remarks on the increase of the town debt ; and the committee wish it to be distinctly understood, that in reporting on the state of the debts, they have no reference to any particular board of Selectmen, or to any single administration of town affairs. They would confine themselves to their duty, which is to present facts, and to call the attention of the citizens to the subject of their financial concerns. It is for individuals to draw their own inferences, and for the town to take such measures for the future administration of their affairs as they may deem expedient.

In order to present a full account of the debt, it is necessary to look to its origin and progress. This will enable the town to understand more fully the causes of its present magnitude, and to apply the proper remedy. The financial committee of the year 1817, was instructed to present to the town a full report of the condition of the debts at that time. After investigation this committee reported "that they have endeavored to ascertain the full amount of the debt for which the town is responsible and have to regret that they are unable to present it with accuracy ; they have however ascertained that the various debts of the town, as far as they have been made acquainted with them, amounted on the 25th March, 1817, to \$37,510 84." To discharge this debt, in compliance with the recommendation of the committee, the following vote was passed. "Voted that there be and hereby is appropriated from the taxes which may be assessed the present year, the sum of five thousand dollars for the sole purpose of discharging the interest and part of the principal of the town debt, which sum shall be paid to the Selectmen for the time being, and the faith of the town is hereby pledged that a similar and equal appropriation shall be annually made, until the amount of the debt shall be extinguished." Under this vote the following sums were annually paid toward the discharge of the principal and interest of the town debts, as exhibited by the selectmens accounts dated

	<u>\$42782 88</u>

Leaving an undischarged balance of notes payable March 25, 1825, amounting to	13631 73
	<u>56414 61</u>

This sum was therefore the aggregate of the town debt, including interest to March 25, 1825, which was contracted previous to the year 1817.

In the report of the committee on the town accounts for 1825, they observed "In consequence of the extraordinary charge for the new road, (since called Lafayette Road) your committee deem it advisable to leave the principal of the town debts untouched the present year and to pay the interest only"—and at the meeting following it was voted "That the selectmen of the town be authorized to borrow sufficient money to pay off the whole of the present town debt, in any time not exceeding five years, if by so doing they can lessen the rate of interest the town is now paying;" which vote was carried into effect and the loan obtained at from 4 3-4 to 5 per cent.

At the same meeting an additional loan of \$4000 was authorized to discharge the obligation of the committee appointed by the town to purchase and open as a free road the New Hampshire Turnpike Road, leading from Piscataqua Bridge to Concord, making the total amount of the town debt on the 25th March 1825, as follows:—

Balance of old debt contracted prior to the year 1817, unpaid	\$13631 73
New loan as above stated	4000 00
Outstanding orders	720 78
	<u>\$18 352 51</u>

Ditto on the 25th March 1826

Balance of notes payable - - - \$16831 73

Outstanding orders - - - 523 64

\$17355 37

Ditto on the 25th March 1827

Balance of notes payable - - - \$16497 70

Outstanding orders - - - 1663 43

\$18161 13

Ditto on the 25th March 1828

Balance of notes payable - - - \$16497 70

Outstanding orders - - - 2155 55

\$18653 25

Ditto on the 25th March 1829

Balance of notes payable - - - \$21450 00

Outstanding orders - - - 2824 28

\$24274 28

Ditto on the 25th March, 1830

Balance of notes payable - - - \$21450 00

Outstanding orders - - - 3515 74

\$24965 74

Ditto on the 25th March 1831

Balance of notes payable - - - 21450 00

Outstanding orders - - - 5204 37

\$26654 37

Present town debts, March 25th, 1832.

Notes payable, as follows, viz :—

Note to heirs of Thomas Perkins, dated July
17, 1827, payable in five years, interest at
4 3-4 per cent, - - -

\$10000 00

Ditto to Ditto May 19, 1828, payable in five
years, interest at 5 per cent - - -

6500 00

Ditto to Mary Clark, dated May 23, 1828
payable in years, interest at 5 per cent

950 00

Ditto to Portsmouth Savings Bank, dated June

1831, payable in 3 years, interest at 5 pr ct.	7947 19
	<hr/>
	25397 19
Outstanding orders	2619 72
Arrears of State Tax for 1831, unpaid	308 45
	<hr/>
	\$28325 36

To which should be added balance of Overseers of the Poor's accounts,

Due Lewis Gove	\$1221 00
N. Moore	18 50
	<hr/>
	1239 50

Making together the sum of \$29564 86

To which if there be added sundry bills and unliquidated claims against the town, the present total amount of the town debt may be estimated in round numbers at Thirty Thousand Dollars. It will be recollected however, that there is due to the town an uncollected amount of taxes, which, as far as they can be collected, will serve to reduce the debt. By referring to the published account of the selectmen, it will be perceived that these outstanding taxes amount to about \$8000. The committee are informed by Collector Bennett, that from one half to three quarters of this sum, in process of time, may be received. But it should be recollected, that at the end of every year, a similar amount of taxes may be outstanding as long as the present inefficient system of collecting the taxes is pursued.—The committee are of opinion that the law, which is before the town, changing the system, will, if adopted, have a tendency to remedy this evil.

It will be perceived that the causes of the increase of the town debt are :—the excess in some years of the aggregate amount of expenditures beyond the aggregate appropriations ; the occasional expenditures of sums for which no appropriations were made ; the increased amount of outstanding taxes ; the non-payment, during several years, of the full amount assessed for the payment of the principal and interest of the debt.

The amounts assessed yearly, towards the payment of the debt, (since the annual appropriation of five thousand dollars was discontinued) have been as follows :—

Appropriated in 1825.	1798 94	paid	1703 07
1826	2000 00	"	1260 69
1827	2500 00	"	1025 22
1828	3600 00	"	1042 28
1829	1047 00	"	1246 35
1830	3218 62	"	1298 22
1831	1367 50	"	1115 07
		<hr/>	
		\$15,532 06	\$8,690 90

The committee have thus placed before the town "a full account of the debt." If there be no error in their calculation, or any mistake in point of fact, the debt has increased with great rapidity since 1825. It has, too, accumulated in years in which the town has been subject to no extraordinary expenses, or at least, to no greater than the ensuing six years will bring with them. This is the most favorable view of the subject ; in all probability the plans now agitated—the new jail—the improvement in the pauper establishment—together with the expenses and the necessity of expenditures which each year brings upon the corporation, will increase the debt in a greater ratio, unless prevented by very burthensome taxation.

The committee were not directed to print an estimate of the sums, in their opinion, necessary for the ordinary expenses of the present year, but in order to finish their duties in one report, they annex to this, their estimate of the amount to be assessed for town purposes :—

They recommend that there be raised for the coming year the following sums:—

For Overseers of the Poor	-	\$3800 00
Schools (the sum required by law)		3820 00
Roads, streets and bridges	-	1000 00
Town watch	- - -	330 00
Militia	- - -	75 00
Fire wards	- - -	250 00

Town Clerk	130 00
Town clocks	50 00
Health Officers	150 00
Axe men	48 00
Police	100 00
Collector's commissions	400 00

\$10,153 00

Contingent expenses	1000 00
Repairs school houses	400 00
Printing	250 00
Celebration of Independence	25 00
Engine men	180 00
Burying grounds	20 00

\$1,875 00

Improvements of side walks	300 00
Interest and principal of the town debts	2000 00
State tax	1908 45
County tax	1157 67

\$17,394 12

In addition to the foregoing, the committee recommend the application of \$800 to the support of schools from the literary fund, as the town is receiving from this fund less interest than they are paying. This sum, in addition to that required by law to be raised, is, in their opinion, necessary to maintain the schools in their present excellent condition.

The sum reported toward the discharge of the town debt, is but little more than sufficient to pay the interest. The subject of the debt being before the town, such sums can be assessed as may be deemed expedient. The committee would recommend it to be as large as can be raised, without increasing too much the burthen of taxation. As this depends on the amount that may be required for specific and extraordinary expenditures, the committee have reported the smallest sum that should be raised under any circumstances.

The committee, in making their estimate of the sums necessary to be raised for the expenses of the current year, have endeavoured to keep the amount as low as possible; taking into view the propriety of assessing sufficient to do away any necessity of the expenditures exceeding the appropriations.

All which is respectfully submitted.

S. E. COUES,
ALEX'R. LADD,
AB'M. WENDELL,
JOHN SMITH,
SAM'L. CUSHMAN.
